

DIRECTIONS: Mix two scoops (39 g) in 8-12 oz cold water and consume. Adjust amount of water according to thickness desired. May be used as a snack, a "rescue" food, an occasional meal replacement, or as directed by your healthcare practitioner.†

Consult your healthcare practitioner prior to use. Individuals taking medication should discuss potential interactions with their healthcare practitioner. Do not use if tamper seal is damaged. The labeling on this product does not comply with California's Proposition 65. Therefore, this product may not be sold in California.

No Udder Protein is an easy-to-mix functional food for vegans, individuals sensitive or allergic to soy and/or dairy, or anyone seeking an alternative source of quality protein. No Udder Protein features Protein Blend, an all-natural rice and pea protein blend.

The pea protein in No Udder Protein is rich in lysine and arginine. Lysine is of particular interest in weight control because it helps maintain lean body mass. Arginine is essential to weight control for its ability to help increase muscle mass and reduce body fat. Pea protein has the highest lysine concentration (7.2%) of all vegetable-based proteins and the highest arginine concentration (8.7%) among all commercially available proteins.†

Easy-to-digest Protein Blend features a full complement of amino acids, including branched-chain amino acids.†
